JOURNAL
 OF THE
CALIFORNIA
CONFERENCE

CHURCH OF THE
UNITED BRETHREN
IN CHRIST
1939

Seventy-fourth Annual Session
 Rockridge United Brethren Church
 Oakland, California
 August 15 - 20, 1939

\$9600 note on the Stockton property, which is only worth about \$4000. Other projects completed are in Minneapolis, Minnesota; Hammond, Indiana and Seattle, Washington. There is also a project for 1940 in Louisville, Kentucky.

This year's special emphasis will be given to the Home Mission task through the study of our denominational booklet, "*God's Will Be Done in the Community*." The Home Mission Society has also issued a new map setting forth the United States as a mission field. This should be in the possession of every local church.

It is recommended that the following promotional plans be observed.

1—November is Home Mission month and should be observed in every local church.

2—Where benevolences are in arrears an offering should be taken on November 26.

Dr. U. P. Hovermale and Dr. Stanley E. Williams appeal to every pastor for support of this annual program. Last year 981 pastors observed the period. However, 716 pastors did not report or order literature. Surely every pastor will cooperate 100% to make this year's program effective.
