LETTERS (METHODIST
PUBLISHING HOUSE)**

Quiongoa de P. Andongo, Angola, Africa.
Thurs. February 4, 1909.

Bishop J. C. Hartzell, D.D., Th.D.
150 Fifth Avenue, New York.

RECEIVED
MAR 22 1909

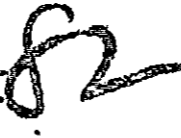

Dear Bishop Hartzell;—

The Girls' School goes on nicely with seven girls and immediate prospects for two or three more. The Boys' School continues to shelter over 20 boys— all but one of them come from over four miles away. The school is becoming widely and favorably known. Of our eight boys old enough for military service, only one is from this county, so there is small likelihood of their being drafted, and the one has a written and renewable leave of absence. The present county Administrator (Chefe do Concelho) seems disposed to treat us fairly, altho strongly a Catholic.

During the six years ending with this semester, 36 boys have been taught to read. Of all who have spent a full year in school only one has failed to learn to read. A score or so have entered (mostly seeking for clothes) and left in from three days to three months, and 18 had previously learned to read when they enrolled with me.

Practically half of this work has been accomplished during the two years just ending. Besides this some two dozen girls have attended for brief periods and two or three of them learned to read, and that as readily as any of the boys. It was Mrs Shuetts' work with them that led to the discovery of her capacity for schoolroom work.

Until two years ago, nearly all the teaching devolved upon me, and for about half of that time I had, besides directing the outside work of the boys, etc, all

the burdens of pastor and superintendent, etc. 
 The boys' labor consisted in little besides path clearing and other care of property, errands, housework, and building two stick-and-mud houses.

In 1907 the sheep and goats began profitably to absorb one boy's time, and the buildings were enclosed by wire fencing. In 1908 a field was cleared, fenced, plowed and planted, and is now furnishing its quota to the boys' food supply. This could not have been accomplished had I not been relieved of schoolroom work.

The division of the school into two sections, each with a competent missionary in charge as teacher has facilitated work in composition, arithmetic, and Portuguese for those able to read and write, and with improved charts for teaching reading by the syllable method so natural to Kimbundu, the time necessary for learning to read has been so shortened as to overcome much restlessness and greatly diminish the proportion of pupils leaving before becoming able to read.

If we could continue with an equal force, and on the same lines for another year, we might safely count on doubling the enrollment of girls, increasing the number of boys, send one or two boys to the government examination, give a large share (not attained heretofore) of the boys a good foundation in Portuguese, and more than double the acreage planted. But Mrs. Shuett cannot stay longer and we have no one to take her place. This means, probably, that the school will suffer in quality of work done and

consequently in interest and attendance. 83

Besides, Miss Masow needs and expects a furlough next year, and I myself am already doing inferior service because of reduced strength and feel that in any case I too should go out on furlough by the end of twelve months. If the school is to continue some one must be found to take our places.

I plead for the country boy and the country girl. We must have a good up-country school. It should be a model in methods of teaching. Is it not true that one generally teaches by the method by which he was taught rather than by the method which is afterwards introduced?

It should afford opportunity for learning Portuguese, and prepare for the government examinations. Government diplomas are demanded of postal, telegraph, and railway clerks, and of teachers of schools, if they are to be legally registered.

It should be accessible to the poorest, and turn none away for lack of room or support.

It should therefore have industrial and endowment features, such as a farm (industry) and a herd of cattle. (profitable investment) Thus boys who are as yet uncalled or unprepared to assist as teachers or evangelists could largely contribute to their own support. It should be connected with a station as well manned - that constant itinerating evangelists

might be a feature indicating by its prominence our main purpose of spreading the gospel. I have all the past year longed for a mature and earnest native preacher who would greatly further such work but none has been available, or put free for the purpose.

Our boys at Quiongoa have with few exceptions shown that they were definitely convicted of sin and an encouraging proportion follow Jesus. But they have not yet been thrust forth as laborers. Some of them have been too young to do much.

I am aware of my own shortcomings and of the difficulties of the locality and the field, and yet I am confident that we have here attained a larger consecutive attendance and given a higher grade of instruction than has ever been done in our mission except at Loanda.

The city should not be the only attractive place for wide-awake youth. Nor could there be drawn to Loanda more than a small fraction of the patronage natural to an up-country school. I plead not for Quiongoa, but for the country school. Barbuire and plows and herds are easily moved: let no doubt as to the future of its location deter anyone from giving to our school.

During 1908 we had 8 scholarships and 24 boys. For every \$50 given an equal amount is raised on the field. Not even \$20 would buy food and clothes for a large boy. If for 1909 we have 20 boys scholarships, \$12 for girls, \$200 for cattle and 200 for fencing & buildings we may make both ends meet.

85

I ask also for ^{5.} \$300 - ^{\$2 a page} for primer-charts-
first reader 100 lessons with exercises in
writing, dictation, and Portuguese, and with full
directions and hints to teachers. The system has
been proved and meets a great need. João Garcia
is delighted with it. This money would aid our
Mission Press, and thru it, all our schools.

I greatly appreciate your prompt help
in providing a cook stove, and also your
good judgment and keen insight in Redistribution

I want very much to spend at least six
weeks in the dry season visiting the country
beyond the Cuanza. A region 50 miles wide
and 75 miles long should not be passed by
without careful and intelligent consideration.
Only by visiting them can we hope to draw
some of them to our school.

Respectfully yours.

Ray B. Kipp.

Rev. Bishop J. C. Hartzell,

Cincinnati Ohio America.

My very beloved, and kind brother in the Spirit

I beg your pardon to trouble you with my letter, but I do it today because I need much. Do let you know that it is necessary to tell you some things for blessing the work of the Spirit's power progress for our Church in this part of Ohio.

(As I told you in my last letter that I believe you have received) I was with my (white) father-in-law, looking over our house, you see it is big, all set for living, but the house shall be good for meeting out: my beloved perhaps told me in your letter, and I am sure I shall be glad to see you again. I am sure that you will find a place perhaps in the city for a meeting yesterday is a great time for us. I am sure you will be a very good blessing. This house is well known to the people and the side of the railway of the street, I believe.

See, the rest by month, as Liberty has advised
and some cuts; and this money divided, in 3 parts
shall be 7 dollars and 75 cents, that our Charitable Mission
shall pay. I myself wish to see Bishop Wood
as soon as this letter reaches, so your kind letter
be much, kind to send me a telegram and (I shall
pay for it) telling me, yes, or no, that I shall
be the sufficient for me to forward as that I
must do.

Before I finish this, I wish to let you know
that our Antonio's Family Council, member of our
Church, during my time in your Church, he remem-
bered the light of Gospel and has been to visit his
Wardens, now like Colquhoun, and thus, shall be
a great blessing for the Mission.

Please to write to my wife, and to my
family.

I am, my dear friends, your
and your family, with much affection,
your affectionate
son, J. H. H.

J. H. H.

Dear Mother and Sister

Dear Mother and Sister

Dear Mother and Sister

I have just received your letter of the 11th and was glad to hear from you. I am well and hope these few lines will find you the same. I have not much news to write at present. I am still in the same place and doing the same work. I have not seen any of our friends here. I have not much news to write at present. I am still in the same place and doing the same work. I have not seen any of our friends here. I have not much news to write at present. I am still in the same place and doing the same work. I have not seen any of our friends here.

very faint handwritten text, possibly bleed-through from the reverse side of the page. The text is illegible due to low contrast and fading.

Name & address was filled
in each. -

JOSEPH C. HARTZELL
BISHOP FOR AFRICA
METHODIST EPISCOPAL CHURCH
150 FIFTH AVENUE, NEW YORK CITY

5

St. Ermin's Hotel, Westminster,
London, S. W., May, 20, 1909.

My dear Doctor:

One of the most urgent needs, in fact, from the human side, the most urgent need in all mission fields, both at home and abroad, is better trained men and women. This fact need only be stated to be fully endorsed by every intelligent leader in the aggressive work of the Church.

In a conversation recently had with Mrs. Lucy Rider Meyer, President of the Chicago Missionary Training Schools, established through the munificent gifts of Mr. N. W. Harris of that City, the need of better trained leaders in Christian work was discussed, and I made the plea for a call to young women college graduates of our schools in the hope that more of them might consecrate themselves to various types of missionary work and be ready to take a special course of training. The response was the following proposition, and here I quote from Mrs. Meyer's letter.

" You ask for a definite statement concerning my Scholarship proposition to you. If you will remember it was in connection with our College Woman's Course and I said to you - rather on the spur of the moment, but I am very glad to repeat it in this more deliberate way - that we would accept here in the school on Scholarships any college graduates that you might send us, up to the number of twenty. The Course is open only to those who hold Bachelor's Degrees, or to those who have nearly completed a B. A. Course and who can pass a written examination which will not be easy. I earnestly hope that you can fill up your quota of twenty. Every one of them will be most welcome."

My purpose in writing you is to ask that you should be placed before "this" or "any" of the "young women" who "will" have, and also, if possible, let us know of "any" of the "young women" you have recently finished their college course. If you will send the names of any who you have reason to believe might be divinely led to this call, please tell Mrs. Lucy Rider Meyer, 3129 Indiana Avenue, Chicago, Ill., name on the letter "PERSONAL," and she will correspond with the person.

Sincerely and faithfully yours,

Letter sent by Bishop
Hartzell from London.

To June Districts
NEGRO CONFERENCES

June 5, 1909.

Dear Brother:-

Your District Superintendent has doubtless already brought to your attention the plan for the conferences among the negro membership to raise \$25,000 of the \$300,000 Africa Diamond Jubilee Thanksgiving offering. I have communicated with the 102 District Superintendents on the matter, and 66 of them have already replied, endorsing the plan and assuring me of their hearty co-operation. Among these I am happy to report your District Superintendent.

In order to put the matter on a businesslike basis, the \$25,000 has been divided among the different conferences and districts and charges on the basis of lay membership. On this basis, if the total from your district is to be reached, your District Superintendent writes me that your people ought to contribute \$ *am it* I am sure you will co-operate with him so that at the close of the campaign, we can report your charge and your district as having raised their full part. *filled in here*

Your District Superintendent has also written me that the month of June will probably be the best time for most of the pastors on his district to present the offering and that he will make it Africa Diamond Jubilee month. The plan is to set aside a service for this, preach a sermon on Africa, and give the people an opportunity to make an offering for the redemption of Africa's millions. In the preparation of your sermon for this meeting you will wish the latest material we have on Africa. I am accordingly sending you "Africa Mission" and "Diamond Investments in Africa."

On Pages 12 and 13 of "Diamond Investments in Africa," you can learn about the support of native stations, native preachers, and scholarships. In addition to the general offering, I hope your Sunday School or League or some individual will wish to undertake the support of one of these. The donor will hear personally from the field concerning the scholarship or preachership, and thus it will be an aid to your general missionary collection and an inspiration to your people. You will receive Special Gift Voucher for any money sent in, and with this you can receive credit in the SPECIAL GIFT Column in the minutes.

If you will send me a card to 150 Fifth Ave., indicating when you will take the offering, I will be glad to send you literature for free distribution in your congregation when you present the cause. I hope you will look after this during the present month, if practicable. If not, let me know when you expect to, and the literature will be sent.

Yours for Africa's redemption.

96 May Districts
NEGRO CONFERENCES

Dear Brother:-

Your District Superintendent has doubtless already brought to your attention the plan for the conferences among the negro membership to raise \$25,000 of the \$300,000 Africa Diamond Jubilee Thank-offering. I have communicated with the 100 District Superintendents on the matter, and 68 of them have already replied, endorsing the plan and assuring me of their hearty cooperation. Among these, I am happy to report your District Superintendent.

Your District Superintendent also wrote me that he thought *May* the best time to take the offering. I have not heard from you, however, and the Treasurer of the Board of Foreign Missions reports that nothing has been received as yet from your charge. I judge, therefore, that you were not able to carry out the plan of presenting the cause of Africa to your people during May. I am depending upon you to set aside a service for the Africa Diamond Jubilee, preach a sermon on Africa, and give the people an opportunity to make an offering for the redemption of Africa's millions, and I hope you can do it in the near future. In the preparation of your sermon for this meeting, you will wish the latest material we have on Africa. I am accordingly sending you "Africa Mission" and "Diamond Investments in Africa." PLEASE SEND ME A CARD TO 150 FIFTH AVENUE, NEW YORK CITY, telling me when you expect to take the offering, AND I WILL SEND YOU LEAFLETS FOR FREE DISTRIBUTION IN THE CONGREGATION.

In order to put the matter on a businesslike basis, the \$25,000 has been divided among the different conferences and districts and charges on the basis of lay membership. On this basis, if the total from your district is to be reached, your District Superintendent writes me that your people ought to contribute \$

On Pages 12 and 13 of "Diamond Investments" you will learn about the support of a native station, a native preacher, and scholarships. I hope your Sunday School or League or congregation or some individual will become interested in one of these, in addition to the general offering. To hear directly from the field with reference to this work would be an inspiration to your people.

Please let me know the result of the offering. We expect to have report from week to week in the Southwestern Christian Advocate of the different charges with amounts received from each.

Yours for Africa's redemption,

J. C. Hartzell

To Delaware Conf.

NEGRO CONFRENCES

Dear Brother:-

You will be interested to know the progress of the Africa Diamond Jubilee campaign thus far. There has come in, mostly in subscriptions payable in five annual installments, a little more than one-third of the \$300,000 which is asked for. This is encouraging; but the real struggle is ahead and our dependence must be placed quite largely on the pastors throughout the church.

In this dependence upon the pastors, which I feel, I remember with courage the action of you and your brethren at the session of the Delaware Conference, heartily endorsing the Jubilee and agreeing to take the collection sometime in May or before the end of the year. This action has been a help to me in the campaign, especially in writing to the District Superintendents of the different conferences among the negro membership. I have written to each of the 100 District Superintendents concerning the plan to raise \$25,000 of \$300,000 among these conferences, and you will be glad to know that 63 of them have followed the example of the Delaware Conference and have replied, each assuring me of the hearty cooperation of himself and of his district. This makes, with the Delaware Conference, 66 of the 100 District Superintendents who have responded.

I have not yet heard from you as to the result of your Africa offering, and I find that as yet no money has come in to the Treasurer of the Board of Foreign Missions from your church for this cause. I judge, therefore, that it was not convenient for you to present the offering sometime during May, as was planned at Conference time. I am depending upon you to set aside a service for the Africa Diamond Jubilee, preach a sermon on Africa, and give the people an opportunity to make an offering for the redemption of Africa's millions, and I hope you can do it in the near future. In the preparation of your sermon, you will be glad to have the latest material we have on Africa. I am accordingly sending you "Africa Mission" and "Diamond Investments in Africa." PLEASE SEND ME A CARD TO 150 FIFTH AVE., NEW YORK CITY, telling me when you expect to take the offering, AND I WILL SEE THAT YOU HAVE AFRICA LEAFLETS FOR FREE DISTRIBUTION IN THE CONGREGATION.

In order to put the matter of raising the \$25,000 on a businesslike basis, the amount was divided among the different conferences and the District Superintendents asked to divide it among the pastoral charges, lay membership being used as the basis. On this basis, if the total from your District is to be reached, your District Superintendent writes me that your people ought to contribute \$

Please let me know the result of the offering. We are expecting to report from week to week in the Southwestern Christian Advocate, the churches which have responded and with what amounts.

Yours for Africa's redemption,

JCH

Sept 12 1911

My dear Bishop -
 Your kind letter
 of the 2nd is not received.
 It is my purpose to pick
 from relative - that is from
 the Bible, some of the things
 which are stated in the
 Bible. Some of these things
 are:

but I am not certain. We
have no idea now, of going
into a part of the territory
adjacent to that territory is
partly well occupied. My
visit to the lands will be for
the purpose of seeing the works
as described in the Bible. I
am a missionary of the Gospel
and I shall go to the islands,
I shall be able to make a map of
the islands and to see the
people and to see the
works of the Lord. I shall
be able to see the works of
the Lord and to see the
works of the Lord.

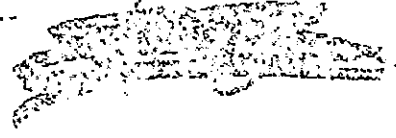

It is not certain that I
shall have much more
and I shall be able to see
the works of the Lord. I shall
be able to see the works of
the Lord and to see the
works of the Lord. I shall
be able to see the works of
the Lord and to see the
works of the Lord.

of which are also used in a hotel. The water in main line from the East to San Francisco has in the past no real facilities for passengers and freight. There is a well, deep, stone well in a mountain side of Vasco, school and business and a fine, furnished - the same excellent. Good conditions and have a choice kind of ground, a small amount of land.

Would you not arrange to loan us \$5000 for a year or so, it would be a help to us. Another way, we might like to see if we could get some of the stockholders of the Home, some of them are large-hearted Methodists. One of them is much interested, and having been a forty-miner in the past, he has a large deposit in his pocket. If they would sell us some of their shares, we could get for shares of stock it would help us a great deal in our present situation.

The Home, however, we are now reorganizing and we are sure that we can make a good thing of it.

Knowing how much demand there is for the Home, we are sure that we can make a good thing of it. We are now reorganizing and we are sure that we can make a good thing of it. We are now reorganizing and we are sure that we can make a good thing of it.

Yours truly,
George B. Johnson

STEAMSHIP "PORTUGAL" MADKIRA TO LOANDA
Off Cape Verde, April 6, 1911.

Mr. Wm. H. Hoeks,
Pennsylvania Ave. and Eighth St.,
Washington, D. C.

My dear Mr. Hoeks:--

Bishop Wilson and myself spent 13 days in Liberia and had time to go carefully over the proposition being discussed between your Board and ourselves as to co-operation in educational work in that Republic. Bishop Scott, who has charge of the work of the Methodist Episcopal Church in Liberia, and of whom I spoke in my former letter to you, concurs heartily in the suggestion which we talked over in Washington as to the desirability and plans of co-operation.

By this time you have had probably additional legal advice and know just what you can do financially. In the meantime matters will rest in abeyance until we meet again.

My hope is to be in New York about the first of August. Bishop Wilson and I are fully satisfied of the desirability of your Board co-operating with our Board at New York, and believe that plans can be matured by which there may be efficient co-operation and each Board fully protected as to legal responsibility.

In reference to Mr. Booker T. Washington's suggestion to send out an agent to look over the field and furnishing teachers for us when we may need them, my suggestion is that nothing be finally decided until we can have an opportunity to consult. Bishop Scott will, also, be in America.

After superintending our work on the west coast, we go to the East Coast and, beginning in Portuguese East Africa, have our final conference in Rhodesia.

The whole situation in Liberia is exceedingly critical, and any movement to mix up in local conditions, I fear, would be fatal.

I trust you are very well. Please accept for yourself and the gentlemen associated with you, my sincere regards.

A letter addressed to me at New York will catch me somewhere on the way to America from East Africa.

Sincerely yours,
