The purpose of this finding aid is to help you understand the nature of this collection and to assist you in the retrieval of material from this collection. The following pages contain an administrative history of the agency which gives summary information about the agency's history and development; followed by a general description of the collection in the scope and content note. If more detailed information is warranted then series descriptions also appear. The container listing appears last and is the listing of material in each box, or container, of this collection. To request material you need to turn to the container listing section. It is essentially a listing of file folders, or artifact items, in the collection. Each folder, or item, has a call number associated with it. Each folder also lists the inclusive dates of the material in the folder. On the material request form list both the call number and the folder, or item, title. Use a different line for each folder, or item, requested. When your request sheet is complete, or full, bring it to the archivist and the material will be retrieved.

History Note

The purpose of the Women's Society of World Service was to unite all the women of the Evangelical United Brethren Church in Christian fellowship, to make Christ known throughout the world, to develop a personal responsibility for the whole task of the Church through a program of education, service, prayer and giving for the maintenance and advancement of the missionary work of the Evangelical United Brethren Church (Discipline 1951).

When the Church of the United Brethren and the Evangelical Church merged in 1946, the Home Mission and Church Erection Society, the Foreign Missionary Society, and the Women's Missionary Association of the Church of the United Brethren in Christ, and the Missionary Society, Women's Missionary Society, and the Board of Church Extension of the Evangelical Church were united to form the Board of Missions of the Evangelical United Brethren Church. The Women's Division acted independently from the Board. It did this through the Women's Council of the Women's Society of World Service. A convention was held every four years prior to the General Conference at which the Women's Council met and nominated council members who would have governing power between conventions. The nominees were presented to the General Conference for election to the Board of Missions.

When the Evangelical United Brethren Church and the Methodist Church merged in 1968, The Woman's Society of Christian Service and The Wesleyan Service Guild of the Methodist Church and the Women's Society of World Service of The Evangelical United Brethren Church merged to form the Women's Society of Christian Service and Wesleyan Service Guild. Administrative responsibility was assigned to the Women's Division of the Board of Missions. In 1972, the women's organizations in The United Methodist Church merged to form one inclusive organization called the United Methodist Women.
